To Be

Design Studio 14

To_Be is a suspension lamp made of mechanically bent iron tubes with 6, 12 or 18 arms with G9 bulbs lamp holder, with a burnished and matt white painted finish. It is a chandelier with a strong industrial inspiration, both in materials and in the process: it is obtained from a tube crushed and deformed by mechanical bending, laser cutting and welding. Minimal but of great impact. Bulbs lamp NON included in the packaging.

MATERIALS, COLORS AND FINISHES

MATERIALS MATCH

Materials can show differences in colour from one lot to another. Mogg srl declines any responsibility in the case of any colour differences for materials and does not guarantee the exact colour correspondence between this sample and the finished product. Mogg srl reserves the right to make the products and finishing the changes it deems appropriate, at any time and without notice.
