

BONALDO

Thin single bed

The design of the Thin single bed has a graphic and contemporary appearance, a continuous line that forms the headboard and bed, giving a minimal and airy appearance that balances the large surface of the headboard. Four thin metal feet discreetly support the sleeping section, giving an additional sense of lightness to the whole. The perimeter of the bed is embellished with a fabric profile, available in a wide range of colours. The option of choosing the colours of the

border allows elegant combinations or interesting contrasts to be created with the cover (which can be made of fabric, leather or eco-leather, removable in all versions). Alternatively, it can also be produced in the embroidered version, with a modern and elegant diamond pattern (Thin ego). The Thin designer single bed is available in double or single versions.
