## Neuilly

Designer: **Fabrice Berrux**

Designed by Fabrice Berrux, the Neuilly chair comes to life thanks to the combination of different and clearly outlined elements such as the thin metal tubular structure on the one side and the upholstered elements on the other. The padded seat plays with the curvilinear shape of the welcoming backrest/armrest, which embraces the body with a single

ergonomic movement thereby guaranteeing a natural posture for the back and offering unencumbered support for the arms. The resulting product is a modern and comfortable living room chair characterized by a versatile style and a lightweight image. The catalogue also features the matching Neuilly too stool.
